

Goal of the MELODY training curriculum

- Dispatch, First responders and First Receivers
- are able to recognize potential CBRN incidents
- take proper personal protection measures
- know which specialist (teams) to call

Save the date!

15-16 Sept 2022: *Train-the-trainer* course

at MSB Revinge, near Malmö, Sweden

pre-register [here](#) before **29 July 2022**

In this course we will explain and demonstrate the use of the MELODY Basic CBRN training curriculum for First Responders and First Receivers (dispatch officers, fire & rescue services, police, ambulance and emergency medical services, general practitioners).

We will provide an understanding of the modular structure and the flexibility of the curriculum. You will learn how to design customized courses based on MELODY learning objectives and how to adapt the MELODY training content to your national context.

Are you a CBRN instructor or responsible for CBRN training in your organization? For this course we welcome trainers active in Estonia, Finland, Germany, Latvia, Lithuania, Norway, Poland or Sweden.

Course contents

- Intentions and development of the modular training curriculum, Trainer Guide and training material
- Pedagogical approach
- Adaptations to national context
- The different training formats
- Time for participants' reflections
- Assignment: Design your own course

Course language is English. The course is free of charge. A limited number of travel bursaries is available.
